

Pre-Conference Workshop

3 Days

24th - 26th April 2020

100% Online Video/Audio Zoom Participation

Eye Movement Desensitisation and Reprocessing (EMDR) Certification Level 1

Abstract:

This consists of three days workshop which covers the introduction to Eye Movement Desensitisation and Reprocessing (EMDR). It emphasises on experiential skills development. You must complete the didactic knowledge component prior to attending the workshop. This consists of a program of reading, recordings and videos which will be sent to you upon registration.

Regular Q&A sessions are held via Internet meetings to assist you in covering this material. It includes six weeks of access to Case Consultation. In addition, it is accredited by Malaysian Association of Psychotherapy (MAP) and EMDR Association of Australia (EMDRAA).
