presents

Post Conference Workshop

“The Model, Method, and Techniques”

Presented by

Dr. Robert Brockman, ISST Accredited Trainer

&

Dr. Edward Chan, MAP Accredited Trainer

Date: 29th April 2020 (9AM-5PM)

**100% Online Video/ Audio
Zoom Participation**

This introductory workshop will help attendees gain an understanding of the Schema Therapy model and provide an extensive platform for learning new skills and techniques used in Schema Therapy. The workshop will address both the schema and 'mode' models. The training is skills based, with multiple opportunities to learn complex techniques for working with difficult-to-treat clinical populations, with a particular focus on Borderline Personality Disorder and its treatment. It will provide you with a good platform for learning and practicing skills, as well as direct coaching of skills therapists often feel less confident in applying. This workshop is accredited by the International Society for Psychotherapy, Counselling, & Psychiatry (ISPCP), the Schema Therapy Board of MAP (Malaysian Association for Psychotherapy), and the Malaysian Cognitive Behavioural Therapy Association (MCBTA).
